CASE STUDY

Bord na Móna Professional

IPM Essen
Messe Essen

40 sq. metres

Custom Exhibition Stand

Bord na Móna Professional, an Irish Semi State producer of horticultural products commissioned us to design and manufacture a fully custom exhibition stand for their attendance at IPM Essen at Messe Essen, Germany.

We created an inspired and highly interactive space to truly engage and entice potential customers. The space integrated large video wall elements along with an eye catching overhead structure with high quality finishes, that proved a real hit at the event.

The stand structure was a complex engineering challenge that required a full set of structural engineering reports in German. This was then checked on site by the Messe Essen engineering team and signed off for safety at the event. This was not a problem for us and is all part of the full service solution provided by Buttonbox.

We fully designed, manufactured and supplied the full package including all structure, print, platform flooring, audio visual elements, lighting along with all design, project management, logistical and graphic design / print requirements.

We also shipped all components to the venue and our highly experienced installation team assembled the stand on site and maintained a 'stand by' team in Essen for the duration of the show, in the event of any issues occurring.

We prioritise high quality exhibition stand design and build alongside our world class customer care experience. It is no surprise to us that this stand was a great success and this is due to the high standards that we demand of ourselves in ensuring that this happens everytime for every single client.

Custom Exhibition Stand

We were appointed by our long standing client, Effective Software - a Health and Safety management software provider to design, manufacture and build a high end custom exhibition stand for the Safety and Health Expo at London's Excel exhibition centre.

We developed a unique and exciting design concept that highlighted the technological aspect our client was focusing on, whilst maintaining a clean, crisp modern design concept.

We manufactured the stand within a tight timeframe and supplied all aspects including structure, graphic print, flooring, lighting, audio visual elements along with all graphic design - and we even produced other marketing collateral such as custom coffee cups.

Our expert installation team completed the job on site - and the stand design really stood out from the competition and again emphasised the impact a custom exhibition stand can have for your company.

Buttonbox provided a full service solution from start to finish.

“ Amazing job, the stand looked fantastic! We couldn't fault your commitment and the help you gave us from start to finish with this project. We exceeded our target in terms of leads obtained and from attendee and exhibitor reaction we stood out from the crowd to gain all important brand awareness. I would have no hesitation in recommending Buttonbox.”

Darragh Geoghegan,
Effective Software

OUR CLIENTS

We have been extremely fortunate to have worked in partnership with a wide variety of high profile clients including multinational companies, government departments, semi-state agencies and small to medium enterprises.

TESTIMONIALS

Our unique selling point is customer service - we pride ourselves on it. Please see testimonials from some of our very satisfied customers which demonstrates our commitment to any project we undertake in partnership with you.

“Our experience with Buttonbox was unparalleled. The team created an exhibition stand that outstripped the competition and assisted to our every need. The stand easily augmented our company's presence at our industry's biggest convention. Five stars, without hesitation.”

Tyler Huggins,
Reelworld

“Amazing job, the stand looked fantastic! We couldn't fault your commitment from start to finish with this project. We exceeded our target in terms of leads obtained and we stood out from the crowd to gain all important brand awareness. I would have no hesitation in recommending Buttonbox.”

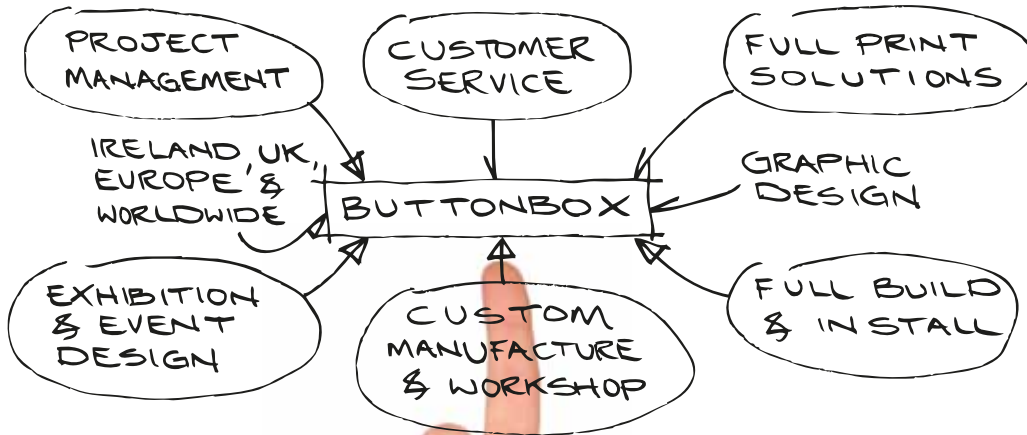

Darragh Geoghegan
CEO, Effective Software

“The services offered by Buttonbox were flawless: strong commitment to the project, excellent management of time and budget constraints and a great vision of the final solution. Benefiting from their experience and skills, our pavilion was a great success.”

Pierre Olivier, Brand Manager,
The French Trade Commission in Ireland

“From the beginning Buttonbox endeavoured to understand what we were looking for and finding ways to deliver within budget. It was a pleasure working with Buttonbox on this project. We were extremely pleased with the excellent stand they created for us which captured our brand perfectly.”

Kevin Lillis,
